

Simple. Convenient. Accessible.

We know hospitality. Let us help you.

Health and wellness solutions for your team, including options with no cost to employers.

HealthiestYou by Teladoc

HealthiestYou offers your employees the ability to safely seek health care from anywhere, any time of the day or night.

- Unlimited mental health, general medical, dermatology, neck and back pain visits.
- Employees meet virtually with a medical or mental health professional who can prescribe appropriate medications.
- Eliminates the need to visit a crowded clinic, urgent care, or ER.
- Virtual visits are offered through employers, who may choose to cost-share with their employees.

Members-only price is \$9 per employee per month for unlimited virtual visits (includes entire household at no additional cost) with \$0 copays and no other costs. [Click here to learn more.](#)

Here is a quick FAQ with some [additional information](#)

**LetsGet
Checked**®

LetsGetChecked At-Home Lab Testing

Diagnostics are the first step to a healthier life. 70% of treatment plans depend on diagnostic tests. LetsGetChecked provides affordable, reliable, and convenient home health lab testing services to employees for a **30% discount** off retail with promo code **Hospitality30**.

- Avoid waiting rooms, costly physician visits, and lab fees; simply collect your sample from home in minutes, mail it in, and receive secure online laboratory results within 5 days.
- Review your results with a qualified medical professional and discuss recommended next steps for care, including condition-focused prescriptions and ongoing monitoring, provided by the LetsGetChecked medical team.
- LetsGetChecked offers a wide range of validated, at-home testing options:

 INFECTIOUS DISEASES	 WELLNESS	 WOMEN'S HEALTH	 MEN'S HEALTH
<ul style="list-style-type: none"> • Chlamydia • Gonorrhea • Trichomoniasis • HIV • Syphilis • Gardnerella • Mycoplasma • Ureaplasma • Herpes Simplex 1 & 2 • Hepatitis B & C • COVID-19 • Lyme Disease 	<ul style="list-style-type: none"> • Vitamin (3) • Micronutrient (7) • Thyroid (4) • Liver (5) • Cholesterol (5) • CRP • Iron (4) • Cortisol • Kidney (3) • Celiac (2) • Diabetes • Diabetes and heart (5) • Omega 3 (2) • Colon cancer screening 	<ul style="list-style-type: none"> • Progesterone • Anti-Mullerian hormone • Follicle stimulating hormone • Luteinizing hormone • Prolactin • Oestradiol • HPV 	<ul style="list-style-type: none"> • Testosterone • Sex hormone binding globulin • Free androgen index • Oestradiol • Prolactin • PSA

Free Mental Health Resources for Hospitality

- **30% increase in depression since 2020; 26.1% of Americans now suffer from anxiety**
<https://jamanetwork.com/journals/jama-health-forum/fullarticle/2778458>
- **U.S. drug overdose deaths surged nearly 30 percent in 2020** <https://www.cdc.gov/nchs/nvss/vsrr/drug-overdose-data.htm>
- **60% of US counties have no psychiatrist**
<https://www.psychom.net/inside-americas-psychiatrist-shortage>

Whole-person wellness involves mental, physical, and social well-being. The most common health problem in the world is depression, and mental health issues like stress can leave us immunocompromised, which can lead to chronic conditions like heart disease. Now more than ever, taking care of our mental wellness is critical. Access free hospitality-focused resources for:

- Mental health, substance use disorder, and suicide prevention.
- Support groups.
- Stress management techniques.
- Manager guidebook for promoting mental well-being in the hospitality workplace.
